ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Gloucester Housing Authority (GHA) will strive to meet the goals set forth in its 5-year plan cited above throughout FY 2004. In the face of significant financial limitations, we will continue efficient use of operating funds, grants and conscientious management of existing resources and continue partnerships with other agencies to further our goals.

The FY 2003 Capital Fund kitchen and bath renovations of six (6) of our scattered site units is proceeding through the planning stage. The renovation project is expected to go out to bid in late spring for summer construction. The construction is expected to be completed sometime in the fall of 2004. The renovations will greatly increase the quality of life for the families who reside in these 75-year old buildings and represents the completion of the final phase of modernization to five (5) of our six (6) scattered site buildings.

Our sixth scattered site building, 10 Taylor Street, presents some significant challenges to our agency's portfolio. The Taylor Street property was built sometime around 1900 with an addition added sometime prior to 1950. There are currently four (4) two bedroom units and one (1) one bedroom unit in the building. One of the units is located in the basement and another in the attic. The building's ability to meet HUD Uniform Housing Standards is an ongoing concern due to sloping walls and ceilings, small bedrooms, narrow stairs and poorly designed common hallways. It remains our only Federal Public Housing building where applicants regularly refuse unit offers.

The GHA plans to dedicate all of its FY 2004 Capital Fund to develop a design and construction plan to substantially renovate, demolish or sell the existing building. Based

on the outcome of our study we will work with residents, community leaders and HUD to determine the best route to ensure we maintain our current number of Public Housing units.

We also plan to use operating reserves and the balance of the our FY 2002 Capital Fund to complete minor site work and roofing projects at all of Federal Public Housing Developments. There will also be a more comprehensive approach by our Housing and Facilities Management Departments to address the appearance of our developments which has been noted as a major concern of our residents through annual RASS surveys.

Partnerships continue with the Cape Ann Food Pantry, HAWC and the City of Gloucester to provide after-school programs to youth at all of our developments. These programs have proven an effective tool in providing positive alternatives to school-aged children. We continue to participate in the Project Bread summer lunch program and served over 2000 meals during the most recent season.

Our resident services staff has developed two comprehensive programs for tenants at risk of losing their housing. A four week money management course has been effective in preserving the tenancies of more than a dozen families who had habitual problems making rent payments. Monthly visits are also now made to elderly/disabled residents who have been identified as being at tenancy risk due to behavioral issues.

Major window modernization projects are entering the construction phase at two of our State-Aided Elderly Housing Developments. The work at the 81-unit Sheedy Park high-rise should be completed by the end of the summer. A more comprehensive window and building envelope project to address major water problems at the 97-unit McPherson Park will commence during FY 2004. The completion of the McPherson Park project will end a 30 year old problem and allow the GHA to program ten (10) offline units back onto our elderly housing inventory.

Our High Performing Section 8 Program enters FY2004 with our highest lease-up rate in over ten (10) years. A major emphasis this year will be on 100% income integrity and full family obligation compliance. Initial income integrity investigations have yielded over \$10,000 in recaptured housing assistance payments due to unreported income.

The GHA will begin its participation in a State-wide Centralized Waiting list early in the fiscal year. The Centralized list allows an applicant who applies to one Massachusetts PHA Section 8 Waiting list to automatically be placed on the waiting list of all other participating PHA's. Currently one-third of Massachusetts PHA's participate in the centralized list which is administered by Massachusetts NAHRO. Our participation in this program will greatly reduce our administrative cost and allow greater access for applicants to vouchers.

We will also work with non-profit agencies and private landlords to increase the number of Project-based Section 8 units within the City. The GHA board has committed nine (9)

project-based Housing Choice Vouchers to the non-profit agency developing a new 39-unit rental housing development on an abandoned industrial site. The board believes that the Project-based option supports the City of Gloucester's efforts to increase the number of long-term affordable units within our community.

The GHA will also continue its efforts to bring affordable Assisted Living development to Gloucester through partnerships with local and regional non-profits. We will continue to investigate the development of our property on Main Street as well as other parcels within the City for Assisted Living purposes.

Finally, the GHA will continue its efforts to promote affordable Homeownership to low to moderate income households. The creation of a part-time Homeownership Coordinator during our most recent fiscal year has allowed us to focus on the following incentives:

- 1) Expansion of our Section 8 Homeownership Option. The GHA was able to assist two families in transitioning from rental to mortgage assistance during FY 2003. We anticipate that four or five families will become homeowners through this program in this fiscal year.
- 2) Completion of three (3) single-family homes through our Homeownership Development program. These homes, which will be sold at 50% below market value, will have 25 year deed restrictions which will allow them to remain affordable to households below 80% of median income far into the future.
- 3) The continuation of the State-funded Escrow pilot program and development of IDA's for upwardly mobile public housing tenants. Five households have moved to homeownership through our current program,
- 4) Designation by the City of Gloucester as Monitoring Agent for affordable homeownership set aside units. The City designated two units during the last fiscal year and may establish as many as ten units in FY 2004.
- 5) Establishment of an accredited homeownership counseling agency by the Massachusetts Homeownership Collaborative. There is currently no accredited counseling agency directly serving the Cape Ann area. The accreditation could allow hundreds of area families to access first-time homebuyer financing and other services.

During the suspension period the GHA will not evict the family for nonpayment of the amount of tenant rent owed for the suspension period.

D. Long-term hardship. If the GHA determines there is a long-term hardship, the family will be exempt from the minimum rent requirement until the hardship no longer exists.

DECONCENTRATION POLICY

(Attachment “A”)

It the Gloucester Housing Authority's (GHA's) policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The GHA will strive to achieve, within a reasonable period of time, a tenant body of families with a Broad Range of Incomes generally representative of the income range of low-income families in the GHA's area of operation, as outlined below:

At or below 30% of Area Median Income - 40%

Above 30% of Area Median Income - 60%

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

The GHA may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

SECTION 8 HOMEOWNERSHIP CAPACITY STATEMENT (Attachment “D”)

The GHA will administer a Section 8 Homeownership program pursuant to Section 8 (y) of the U.S.H.A. of 1937, as implemented by 24 CFR part 982.

The GHA has demonstrated its capacity to administer the program by:

1. Establishing a minimum homeowner downpayment requirement of at least 3 percent, which comes from the family resources.
2. Requiring that financing for purchase of a home under its Section 8 homeownership will be provided, insured or guaranteed by the state or Federal government; comply with secondary mortgage underwriting requirements; or comply with generally accepted private sector underwriting standards.
3. Demonstration that the GHA has acquired other relevant experience through the administration of its 5(h) Homeownership Program.

SECTION 8 PROJECT-BASED STATEMENT (Attachment “E”)

The GHA will administer the Section 8 Project-Based Voucher program beginning in this fiscal year. The GHA has determined that the current housing market does not offer a sufficient number of units within the City of Gloucester to satisfy the need of its Section 8 Housing Choice Voucher participants and that by utilizing the Section 8 Project-Based component, participants will be able to locate decent, safe and sanitary affordable units within the city.

In addition, the use of the project-based component will assist in creating additional long-term affordable housing within our community. There is a particular need for affordable lead-free housing for families with children.

The use of Project-Based Section 8 is consistent with both the City of Gloucester and Commonwealth of Massachusetts Comprehensive Plans. The GHA plans to use up to 50 units within its current ACC as project-based units. Project-based units must be located in any census tract within the City of Gloucester.

The GHA shall use the following four methods to select project-based units:

1. Annual solicitation of all multi-family property owners within the City of Gloucester.
2. Ongoing applications from new developers or rehabilitation of existing properties through the City of Gloucester Community Development or Planning offices.
3. Partnership with non-profit entities.
4. Development of additional GHA owned housing.

Project-based units will be assisted for a term of three (3) to ten (10) years subject to the availability of funding. The length of term of assistance for GHA owned units would be negotiated with the City of Gloucester.

The GHA has acquired relevant experience in administering project-based units through its Section 8 Moderate Rehabilitation program and similar state housing assistance programs.

CONTINUED OCCUPANCY AND COMMUNITY SERVICE PLAN (Attachment “F”)

General

In order to be eligible for continued occupancy, each adult family member must either (1) contribute eight hours per month of community service (not including political activities), or participate in an economic self-sufficiency program, or (3) perform eight hours per month of combined activities as previously described unless they are exempt from this requirement

Exemptions

The following adult family members of tenant families are exempt from this requirement.

- A. Family members who are 62 or older.
- B. Family members who are blind or disabled as defined under 216(I)(1) or 1614 of the Social Security Act (42 U.S.C. 416(I)(1) and who certifies that because of this disability she or he is unable to comply with the community service requirements.
- C. Family members who are the primary care giver for someone who is blind or disabled as set forth in paragraph B above.
- D. Family members engaged in work activity.
- E. Family members who are exempt from work activity under part A title IV of the Social Security Act or under any other State welfare program, including the welfare-to-work program.
- F. Family members receiving assistance, benefits or services under a State program funded under part A title IV of the Social Security Act or under any other State welfare program, including welfare-to-work and who are in compliance with that program.

Notification of the Requirement

The Gloucester Housing Authority shall identify, through the continued occupancy processes, all adult family members who are apparently not exempt from the community service requirement.

The Gloucester Housing Authority shall notify all such family members of the community service requirement and of the categories of individuals who are exempt from the requirement. The notification will provide the opportunity for family members to claim and explain an exempt status. The Gloucester Housing Authority shall verify such claims. The notification will advise families that their community service obligation will begin upon the effective date of their first annual reexamination effective on or after July

1, 2001 and that their leases shall be annulled accordingly. For families paying a flat rent, the obligation begins on the date their annual reexamination would have been effective had an annual reexamination taken place. It will also advise them that failure to comply with the community service requirement will result in ineligibility for continued occupancy at the time of any subsequent annual reexamination.

Volunteer Opportunities

Community service includes performing work or duties in the public benefit that serve to improve the quality of life and/or enhance resident self-sufficiency, and/or increase the self-responsibility of the resident within the community.

An economic self-sufficiency program is one that is designed to encourage, assist, train or facilitate the economic independence of participants and their families or to provide work for participants. These programs may include programs for job training, work placement, basic skills training, education, English proficiency, work fare, financial or household management, apprenticeship, and any program necessary to ready a participant to work (such as substance abuse or mental health treatment).

The Gloucester Housing Authority will coordinate with social service agencies, local schools, and the Department of Transitional Assistance in identifying a list of volunteer community service positions. Together with the resident advisory councils, the Gloucester Housing Authority may create additional volunteer positions such as hall monitoring, litter patrols, and supervising and record keeping for volunteers.

The Process

At the first annual reexamination on or after July 1, 2001, and each annual or interim reexamination thereafter, the Gloucester Housing Authority will do the following:

- A. Identify all non-exempted residents during the recertification process. Provide a list of volunteer opportunities to the family members.
- B. Assign non-exempted family members to a volunteer coordinator who will assist the family members in identifying appropriate volunteer positions and in meeting their responsibilities. The volunteer coordinator will track the family member's progress monthly and will meet with the family member as needed to best encourage compliance.
- C. Provide information about obtaining suitable volunteer positions.
- D. Provide a volunteer time sheet to the family member. Instructions for the time sheet require the individual to complete the form and have a supervisor date and sign for each period of work.
- E. Thirty (30) days before the family's next lease anniversary date, the volunteer coordinator will advise the Gloucester Housing Authority whether each applicable adult family member is in compliance with the community service requirement.

Notification of Non-compliance with Community Service Requirement

The Gloucester Housing Authority will notify any family found to be in noncompliance of the following:

- A. The family member(s) has been determined to be in noncompliance;
- B. That the determination is subject to the grievance procedure;
- C. That, unless the family member(s) enter into an agreement to comply, the lease will not be renewed at the end of the current lease term; and
- D. Note to file, matters of non-compliance that were beyond the family member(s) ability to control.

Opportunity for cure

The Gloucester Housing Authority will offer the family member(s) the opportunity to enter into an agreement prior to the anniversary of the lease. The agreement shall state that the family member(s) agrees to enter into an economic self-sufficiency program or agrees to contribute to community service for as many hours as needed to comply with the requirement over the past 12-month period. The cure shall occur over the 12-month period beginning with the date of the agreement and the resident shall at the same time stay current with that year's community service requirement. The first hours a resident earns goes toward the current commitment until the current year's commitment is made. The volunteer coordinator will assist the family member in identifying volunteer opportunities and will track compliance on a monthly basis.

If any applicable family member does not accept the terms of the agreement, does not fulfill their obligation to participate in an economic self-sufficiency program, or falls behind in their obligation under the agreement to perform community service by more than three (3) hours after three (3) months, the Gloucester Housing Authority shall take action to terminate the lease.

PROHIBITION AGAINST REPLACEMENT OF AGENCY EMPLOYEES

In implementing the service requirement, the GHA may not substitute community service or self-sufficiency activities performed by residents for work ordinarily performed by its employees, or replace a job at any location where residents perform activities to satisfy the service requirement.

UPDATE STATEMENT GLOUCESTER HOUSING AUTHORITY 5-YEAR PLAN (Attachment “G”)

The Gloucester Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements. We have adopted the following **Mission Statement** to guide the activities of the Gloucester Housing Authority:

To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

Our 5-Year Plan for the period July 1, 2000 to June 30, 2005 establishes these goals:

1. Increase the availability of decent, safe and affordable housing.
2. Improve community quality of life and economic vitality.
3. Promote self-sufficiency and asset development of families and individuals.
4. Ensure equal opportunity in housing for all Americans.

In our Fiscal Year 2004 the Authority strove to meet its goals set forth in the 5-Year Plan and cited above. We did this through efficient use of grant funds and conscientious management of our resources.

1. Throughout 2003-2004 we worked on four key initiatives in our efforts to meet goal #1, to increase the availability of decent, safe and affordable housing.

❖ **Assisted Living:** In February 2003 the Chair appointed a committee of members Martins and Nickas to investigate the feasibility of developing assisted living in underutilized space at Addison Gilbert Hospital. One month later the committee reported back to the Board that there was no clear role for the GHA at developing such a facility at the hospital. This recommendation came after a tour and meeting with hospital representatives. In March the Board affirmed its desire to pursue the development of assisted living on its Main Street site. Our Main Street neighbor, the Cape Ann Animal Aid shelter is considering a move. The GHA expressed an interest in purchasing the Animal Aid’s land if they achieved their goal. This additional land would greatly facilitate our plans for sponsoring an assisted living facility on the site.

❖ **GHA Homeownership Program:** We have established a new program, based on Section 5(h), using the proceeds of the sales of homes in 2002 and early 2003. In February we awarded a contract to CSS Architects to assist us in the planning for three additional homes to be built for sale at the corner of Griffin Court and Emerson Avenue. In June the construction bid documents were approved for publication. In November we awarded a contract in the amount of \$280,000 to Contractors Network, Inc. to manufacture and install the three new homes. In

January 2004 we awarded a contract for the site preparation and foundations to Farm Creek in the amount of \$86,250.

- ❖ **Mayor's Community Housing Coalition:** Executive Director William Dugan served as the Chair of the Coalition's Housing Development Committee during 2003. During this, the first full year of the Coalition's existence, several development proposals came before the Housing Development Committee for review. The Coalition members endorsed many of the proposals and encouraged the inclusion of affordable housing in each of them. Such input on these proposals is carefully considered by the formal review bodies, such as the City Council and Board of Appeals. The Housing Development Committee met monthly throughout the year.
- ❖ **Project-based Vouchers:** A local community development corporation, Cape Ann Housing Opportunities, embarked on a major tax credit project at the former site of the LePage's factory on Essex Avenue. The GHA is pleased to be able to contribute to the affordable housing being developed by this group. In February the Board endorsed a letter of support for CAHO's tax credit application to the State, including a pledge to provide Project-based housing vouchers to the project. As a member of the Mayor's Community Housing Coalition the Executive Director has advocated for this project throughout the permit process. In late 2003 the City Council granted a Special Project Permit for this important development.
- ❖ **Senior Housing Options:** This is a special subcommittee of the City's Community Health Needs Assessment Committee which identified a need to create options for independent living for Gloucester's elders. The Authority's Executive Director sits on this committee and actively participates in their monthly meetings. We hope the work of this committee will result in Gloucester's senior citizens living independently, with dignity, for longer periods of time.

2. In 2002 we had many capital improvement projects underway which improved the community quality of life.

- ❖ **Willowood Gardens Site Improvements:** In April we awarded a contract in the amount of \$98,700 to Emanouil Bros. for the execution of Phase 2 of our improvement program at Willowood Gardens and Essex Street. This work was designed by Douglas Okun and Associates, including William Fleming, Landscape Architect with a great deal of input from the residents of this neighborhood. Emanouil's work consisted in the reconfiguration of several yard spaces at Willowood Gardens along with sidewalk and fencing improvements. At Essex Street we replaced a deteriorated stone retaining wall with a new reinforced concrete wall.
- ❖ **Arthur Street Siding and Trim:** Robert I. Mitnik, Architect, completed the bid documents for the new siding and trim at Arthur Street. On May 14, 2003 we awarded a construction contract in the amount of \$159,000 to Homer Contracting to perform the work. The work reached substantial completion in November, 2003. This work replaced failed wood trim at the doors and windows, provided a new updated color scheme with the new siding and new storm doors.

- ❖ **Veterans Way, Patriot Circle Handrails:** This project was completed in August 2003. It brought to code compliance all handrails at the interior and exterior stairs in this 160 unit development. The contract amount was \$412,900.
- ❖ **George W. McPherson Park Community Room:** This project was completed in August 2003. The total renovation of this community room makes it a more comfortable gathering place for the residents. It brought new windows, new flooring, new wall covering and beautiful new curtains. The State granted the GHA an additional \$8,276 to improve the heating system in the community room. We hired Andrews Plumbing who did the job. A new roof was the last job needed to complete the renovations. We awarded a contract in the amount of \$18,400 to North Hill Construction in June 2003 to install a new roof.
- ❖ **George W. McPherson Park Windows:** In September 2003 we awarded a contract in the amount of \$68,000 to New England Builders to install window prototypes in 4 units at McPherson Park. The window replacement at McPherson Park has been under study and in planning for several years. This work is expected to permanently resolve the water infiltration in the building. We issued a Notice to Proceed to New England Builders in November.
- ❖ **Meal sites at McPherson and Sheedy Buildings:** Although the hot lunches at the McPherson and Sheedy Buildings have become routine, it is important that we do not take them for granted. Each year the GHA renews an agreement with SeniorCare confirming our cooperative effort to provide and serve this vital service to many of our residents at these two locations. With a State budget crisis looming each year we can only hope that this program escapes any cuts.
- ❖ **Supportive Housing at McPherson Park:** This unique program comes from collaboration among SeniorCare, Action, Inc., State Department of Elder Affairs and State Department of Housing and Community Development. The service coordination and program development provided through this initiative is very much appreciated by the residents and adds considerable value to the quality of life in this building. There are some elders on our housing waiting list who we could not help if we could not offer the additional services provided through the Supportive Housing model.

3. We saw the HUD Public Housing Drug Elimination Program terminated in 2002. At one time this program provided us with \$50,000 to staff the Common Ground Drop-in Center to provide a supportive and safe environment for the children of the neighborhood. We also formed important linkages with other youth-centered agencies to provide services to the area. Despite this loss we assured some level of service to the Willowood Gardens neighborhood and our State-aided housing neighborhood through a much smaller amount of funding in our operating budget.

- ❖ **Veterans Way and Willowood Centers:** We tried several ways to provide programs to the children of our family housing neighborhoods. None of them proved viable for the long term. So when we considered a staff reorganization we created a Youth Program Coordinator and 3 Youth Counselor positions. The

persons in these positions work under the direction of our Assistant Director for Resident Services. This has proven to be the best way to provide consistent reliable programming to the children in our neighborhoods.

- ❖ **Veterans Way Community Center:** Although no funding is allocated to our State-aided family housing for youth services, we wanted to provide a supportive presence in the neighborhood of Veterans Way and Patriot Circle. During the first half of the year we used a Community Development Block Grant to convert space formerly occupied by our Maintenance office and parts storage into community space for the Veterans Way neighborhood. The \$10,000 grant bought materials and some trade work while the Gloucester High School Vocational Department donated labor for the physical conversion. GHA Maintenance staff also did an excellent job in finishing off the space. Our Information Technology Specialist installed a computer lab in the facility.

4. Of course we strive to assure that all needy households have equal opportunity in accessing our assistance.

- ❖ The minority population of Gloucester is less than 1%. There are 247 families in our State and Federal family public housing neighborhoods. Thirty-two (42) of these families are Hispanic, Black or Asian. Thus the minority representation in our housing is 13%.
- ❖ Later in the year we plan on joining the MassNAHRO State-wide waiting list for the Housing Choice Voucher Program. This will enhance our ability to reach more minority families with our assistance.

GLOUCESTER HOUSING AUTHORITY
5(h) HOME OWNERSHIP PLAN
(Attachment “J”)

- (A) A description of the property, including identification of the development and the specific dwellings to be sold.

The Gloucester Housing Authority (GHA) is in the process of selecting sites for the construction of 8 new units under the Section 5(h) Home Ownership Program rather than lease them as Public Housing units. These newly constructed units will be ideal candidates for sale because the repair and maintenance cost to future owners will be very low over the next fifteen to twenty years. Also they will be attractive to banks for financing.

- (B) If applicable, a plan for any repair required under 906.6.

No repairs will be necessary as the units sold will be newly constructed.

- (C) Purchaser eligibility and selection (see 906.8)

All 8 units will be vacant. The GHA will set up a waiting list through a lottery system. Applications will be accepted during a one-week period. Applicants meeting the following criteria will be placed in the lottery pool:

1. An applicant must earn at least \$25,000.00 annually.
2. An applicant must satisfy the requirements for admission to public housing.
3. An applicant must be seeking to buy their first home.

As applicants are chosen from the lottery pools they will be listed in numerical order. The first applicant selected will have their choice of units. They may select a unit from those available at that time or wait until another unit becomes available. If they decide to wait for another unit they will not lose their position on the waiting list.

If there are an insufficient number of Federal Public Housing residents who either do not qualify or are not interested in home ownership, the Authority will select additional prospective buyers from families who respond to a general public invitation and meet the other two criteria cited above.

The following order of preference for selection shall be observed.

1. Residents of GHA's Conventional Federal Public Housing.
2. Local residents.
3. Non-Local Residents.

A Local Resident is defined as a person who, at the time of application as well as at the time of determination of eligibility and qualification, is living in the City of Gloucester.

Temporary domicile in the City of Gloucester with relatives or friends does not establish Local Residency unless:

- (1) The applicant's last domicile was in Gloucester or
- (2) Local Residency is otherwise proven.

The burden of establishing Local Residency is on the applicant. There shall be no minimum time period to establish such residency.

All applicants desiring to purchase a unit under the 5(h) Home Ownership Program must be able to afford a minimum of a \$50,000.00 mortgage. No prospective buyer will be allowed to spend more than 35% of their adjusted gross income for mortgage principal, interest, taxes and utilities.

In order for a resident of Federal Public Housing to be eligible for the Section 5(h) Home Ownership Program, they must meet the following criteria:

1. The tenant must be in good standing:
 - a. Owing no back rent.
 - b. Owing no maintenance charges.
 - c. Owing no other miscellaneous charges.
 - d. Owing no rent or back rent due to underreporting of income.
2. The tenant must currently be able to meet all lease requirements that apply to their current living situation.
3. The tenant must have paid their rent on time for the prior six (6) consecutive months.
4. The tenant must not have a history of disturbing the peace, or of being disruptive at their current residence. This includes but is not limited to:
 - a. Excessive and loud fighting.
 - b. Loud parties.
 - c. Numerous police visits/intervention.
 - d. Uncontrolled guests.
 - e. Continual fighting with neighbors.
5. Tenant must not have a history of being involved in the illegal possession, distribution or production of a controlled substance.
6. If the Tenant has entered into a repayment agreement with the GHA, the payments must be up to date and on time. These payments must also have been paid on time for the past consecutive six (6) months.

- (D) Terms and conditions for sale (see particularly 906.11 through 906.14)

The units will be sold at the fair market value with the GHA taking a silent second mortgage on a sliding scale. The prospective homebuyer, as previously stated, must be able to afford, at bare minimum, a \$50,000.00 mortgage. If the prospective homebuyer can afford more than a \$50,000.00 mortgage, then they must take out the largest mortgage affordable to them. The GHA will take a soft second mortgage for the difference between the prospective buyer's first (1st) mortgage and the sales price less a down payment of 5% of the first mortgage. The GHA will forgive their second mortgage based on a specified percentage over a specified number of years as follows:

For the first five-(5) years there will be no forgiveness of the second mortgage. Starting in the sixth (6th) year the GHA will forgive the mortgage at a 5% rate per year over the next twenty-(20) years. However, upon any resale of the property, the GHA will receive 50% of the appreciation in the property less any capital improvement made by the owner. The GHA will also have the first right of refusal with regards to any subsequent sale of the property for which a second mortgage held by the GHA is unsatisfied. The unit purchased must be occupied by the family who purchased it. The property may not be leased or rented to another family. The GHA will file on the land records of the City of Gloucester, a Mortgage Deed and Promissory Note for the amount of its second mortgage.

- (E) A plan for consultation with residents during the implementation stage (906.5)

All public housing residents will be notified of the proposed 5(h) Home Ownership Program and how they may qualify for the program. The GHA will actively seek input from the interested residents with regard to the 5(h) Home Ownership Program implementation. This input will be sought on their readiness for home ownership. The GHA's Resident Services Staff, well experienced in organizing training for the GHA's Family Self-Sufficiency Program, will develop a training program based on resident input. It will cover areas such as budgeting, money management, building management and maintenance and housekeeping.

- (F) A budget estimate shows the costs of implementing the plan and the sources of the funds that will be used.

Preliminary costs for implementing the 5(h) Home Ownership program will be paid for by Low Income Public Housing reserve funds and reimbursed from the sale under the 5(h) Home Ownership Program. Proposed Budget:

Administrative Salaries & Fringe	\$35,000.00
Administrative Other	\$ 3,400.00
Travel	\$ 250.00
Telephone	\$ 250.00
Office Supplies	\$ 300.00
Copying	\$ 100.00
Furniture	\$ 2,000.00
Advertising	\$ 500.00

Legal costs	\$20,000.00
Training Costs	<u>\$10,000.00</u>
TOTAL	\$68,400.00

- (G) Counseling, training, and technical assistance to be provided in accordance with 906.9.

As previously stated, counseling for financial and maintenance responsibilities of home ownership will be coordinated by the GHA's Resident Services Staff. In addition, detailed presentations will be given to prospective homeowners with regard to specific purchase and financing options. Appropriate training and technical services will also be provided to all residents interested in purchasing units under the 5(h) Home Ownership Program. The following workshops will be provided:

1. A financial workshop in the areas of budgeting and money management.
 2. A workshop providing instruction in the area of housekeeping and general property maintenance.
 3. A workshop explaining the availability of job training and other self-sufficiency programs.
- (H) If the plan contemplates sale to residents via an entity other than the GHA, a description of that entity's responsibilities and information demonstrating that the requirements of 906.7(b) have been met or will be met in a timely fashion.

This section is not applicable in the GHA's case. No other entity will be used.

- (I) If applicable, a plan for non-purchasing residents in accordance with 906.10.

Not applicable as all units, upon sale, will be vacant, newly constructed units.

- (J) An administrative plan, including estimated staffing requirements.

(a) Application Taking

A general public invitation, in addition to individual notification to residents of Gloucester's Federal Public Housing, will be advertised. The application will contain all necessary information for the GHA to determine whether the applicant is eligible for home ownership. Incomplete applications will not be processed. A one-week period will be set aside for receipt of applications.

Three lottery pools will be created from the applications taken during the open week. One pool will consist of current Federal Public Housing residents (Pool A), another pool will be all local applicants (Pool B), and a

third pool will be non-local applicants (Pool C). Position on the waiting list will be determined by lottery number chosen first from Pool A, then from Pool B and finally from Pool C.

(b) Notification

All Federal Public Housing residents will be notified by mail about the 5(h) Home Ownership Program and invited to submit an application as stated above. The applicants will be notified in writing of the determination of their eligibility status based on the criteria already outlined in this plan.

(c) Selection for 5(h) Home Ownership Program

Each applicant will be assigned an appropriate place on the waiting list in sequence based on a lottery drawing. Selection of applicants will be by numerical order.

(d) Orientation of Qualified Potential Home Owners

A full opportunity shall be provided to these potential homeowners to ask and receive answers to their questions. In addition, the following orientation/training previously mentioned in the plan will be provided:

- (1) Financial training in the area of budgeting and money management.
- 2) Instruction in the areas of housekeeping and general property maintenance.
- (3) Presentation on the availability of job training and other self-sufficiency programs.

(e) General Property Maintenance

All homeowners will be required to maintain their property in a condition that is acceptable to the GHA. This will insure that property values remain stable, which is a concern of the GHA, as we will be holders of large second mortgages on all properties.

(f) Estimated Staffing Requirements:

Executive Director	5%
Assistant Executive Director	10%
Resident Services Supervisor	25%
Fiscal Department Supervisor	5%
Tenant Selector	10%
Case Manager	33%

- (K) An estimate of the sale proceeds and an explanation of how they will be used in accordance with 906.15.

An estimate of \$50,000.00 per unit will be received upon the initial sale of each unit. The \$50,000.00 per unit for eight (8) units will net a sum of \$400,000.00.

These sales proceeds will be used for various housing related activities for low-income families. A fund will be set up to repurchase units at the time of resale. As specified in the previous sections of the plan, the GHA has the first right of refusal on any sale. Funds will also be used to administer the Program (Administrative Staff time). These funds will also be used to facilitate the operations of the low-income public housing program in the area of resident services, protective services, maintenance, and modernization.

- (L) A description of the accounting and reporting procedures to be used included those required to meet the requirements at 906.17.

The Gloucester Housing Authority will maintain the 5(h) Home Ownership Program accounting records along with the accounting records of the entire Authority.

The Authority's accounting system meets the following criteria:

1. Presents and classifies projected historical costs as required and budgeting and evaluation purposes;
2. Provides cost and property control to assure optimal use of funds;
3. Controls funds and other resources to assure that the expenditure of funds and use of property are in conformance with any Federal and State regulations.
4. Provides financial data for planning, control, measurements, and evaluation of direct costs; and meets the prescribed requirements for periodic financial reporting of operations;
5. Reports performance indicators and measures to assess program results, including sale reports, which include information on the racial and ethnic characteristics of the purchasers.

Each year the Authority is required to have its records audited by a qualified Certified Public Accounting firm pursuant to the Single Audit Act of 1984.

- (M) A replacement housing plan in accordance with 906.16.

It is the GHA's intention to submit an application to HUD for the provision of five-year tenant-based certificates or vouchers under the Section 8 Program.

The certificates or vouchers will then be assigned to applicants on the GHA waiting list in accordance with the GHA's Section 8 Administrative Plan.

- (N) An estimated timetable for the major steps required to carry out the plan.

The following implementation schedule and timetable will be used to carry out the 5(h) Home Ownership Program:

Presuming HUD approval of the 5(h) Home Ownership Plan by November 6, 1995;

- ☒ Complete outreach to identify interested families-November 10, 1995.
- ☒ Complete Home Ownership application intake-November 17, 1995.
- ☒ Complete review of application for determination of applicant viability-December 15, 1995.

For viable home buyers identified:

- ☒ Complete establishment of home ownership waiting list-December 29, 1995.
- ☒ Complete formation of home buyers' association for education and counseling-January 26, 1996.

The units will be newly constructed homes. Concurrent with the above schedule the GHA will be seeking site feasibility approval from HUD and local permit approvals regarding the environmental impact of the housing development. The GHA will also develop a Request for Proposals to build the housing, award a contract and oversee the construction, estimated to start on September 1, 1996. Home Ownership education, counseling and pre-qualifications will be complete by that date. The units will not be ready for occupancy until April 1, 1997. Purchase and Sales Agreements will be executed at that time with sale closings beginning May 1, 1997.

This policy does not apply to service animals that are used to assist persons with disabilities. Service animals are allowed in all public housing facilities with no restrictions other than those imposed on all tenants to maintain their units and associated facilities in a decent, safe, and sanitary manner and to refrain from disturbing their neighbors.

PETS IN PUBLIC HOUSING

The Gloucester Housing Authority allows for pet ownership in its developments with the written pre-approval of the Housing Authority. Residents are responsible for any damage caused by their pets, including the cost of fumigating or cleaning their units. In exchange for this right, resident assumes full responsibility and liability for the pet and agrees to hold the Gloucester Housing Authority harmless from any claims caused by an action or inaction of the pet.

APPROVAL

Residents must have the prior written approval of the Housing Authority before moving a pet into their unit. Residents must request approval on the Authorization for Pet Ownership Form that must be fully completed before the Housing Authority will approve the request. Residents must give the Housing Authority a color picture of the pet so it can be identified if it is running loose. Residents must also supply the following information with their pet application:

- a. attending veterinarian's name, address and telephone number;
- b. veterinary certificates of spaying or neutering, rabies, distemper combination, parvovirus, feline leukemia testing, feline VRC and other inoculations when applicable;
- c. dog licensing certificates in accordance with local and state laws;
- d. two (2) alternate adult caretakers, their names, addresses and telephone numbers, who will assume immediate responsibility for the care of the pet should the owner become incapacitated; these caretakers must be verified in writing by signing the Lease Pet Rider, acknowledging their responsibilities as specified;
- e. emergency boarding accommodations; and
- f. temporary ownership (overnight or short term) shall be registered with Management under the pet rules and regulations.
- g. Proof that resident has obtained personal liability, or other appropriate insurance.

- h. Certification that resident has completed the Willowood Tenant Organization's "Responsible Pet Ownership Program".

If you are acquiring a new pet you must be a resident in good standing, owing no back rent or other charges and have paid your rent on time for six months and have met all other lease obligations.

TYPES AND NUMBER OF PETS

The Gloucester Housing Authority will allow only common household pets. This means only domesticated animals such as a dog, cat, bird, rodent (including a rabbit), fish in aquariums -not to exceed 20 gallons, or a turtle will be allowed in units. Common household pets do not include reptiles (except turtles). If this definition conflicts with a state or local law or regulations, the state or local law or regulation shall govern. The Gloucester Housing Authority will not allow residents who reside in units that share a common hallway to keep dogs.

All dogs and cats must be spayed or neutered before they become six months old. A licensed veterinarian must verify this fact.

Only one pet per unit will be allowed in any GHA Housing Unit, with the exception of caged birds, which shall be limited to two per unit, and fish, which shall be limited to one 20-gallon aquarium per unit.

Any animal deemed to be potentially harmful to the health or safety of others, including attack or fight trained dogs, will not be allowed. Pit bulls will not be permitted under any circumstances.

No animal may exceed forty (40) pounds in weight projected to full adult size.

INOCULATIONS

In order to be registered, pets must be appropriately inoculated against rabies, distemper parvovirus, feline leukemia testing, feline VRC and other conditions prescribed by state and/or local ordinances. They must comply with all other state and local public health, animal control, and anti-cruelty laws including any licensing requirements. A certification signed by a licensed veterinarian or state or local official shall be annually filed with the Gloucester Housing Authority to attest to the inoculations.

PET FEE

A pet fee of \$ 160.00 is required at the time of registering a pet. The fee is non-refundable to cover the reasonable operating costs to the development relating to the presence of pets.

FINANCIAL OBLIGATION OF RESIDENTS

Any resident who owns or keeps a pet in their dwelling unit will be required to pay for any damages caused by the pet. Also, any pet-related insect infestation in the pet owner's unit will be the financial responsibility of the pet owner and the Gloucester Housing Authority reserves the right to exterminate and charge the resident. Pet owners shall also secure personal liability, or other insurance and indemnify the GHA against pet-related litigation or attorney's fees.

NUISANCE OR THREAT TO HEALTH OR SAFETY

The pet and its living quarters must be maintained in a manner to prevent odors and any other unsanitary conditions in the owner's unit and surrounding areas.

Repeated substantiated complaints by neighbors or Gloucester Housing Authority personnel regarding pets disturbing the peace of neighbors through noise, odor, animal waste, or other nuisance may result in the owner having to remove the pet or move him/herself.

Pets that make noise continuously and/or incessantly for a period of 10 minutes or intermittently for one half hour or more to the disturbance of any person at any time of day or night shall be considered a nuisance.

DESIGNATION OF PET AREAS

Pets must be kept in the owner's apartment or on a leash at all times when outside the unit (no outdoor cages may be constructed). Pets cannot be left unattended outside on a leash. Pets will be allowed only in designated areas on the grounds of the property if the Gloucester Housing Authority designates a pet area for the particular site. Pet owners must clean up after their pets and are responsible for disposing of pet waste.

With the exception of assistive animals no pets shall be allowed in the community room, community room kitchen, laundry rooms, public bathrooms, lobby, beauty shop, hallways or office in any of our sites.

To accommodate residents who have medically certified allergic or phobic reactions to dogs, cats, or other pets, those pets may be barred from certain areas, wings(or floors) in our development(s)/building(s)). This shall be implemented based on demand for this service.

MISCELLANEOUS RULES

Pets may not be left unattended in a dwelling unit for over nine (9) hours. If the pet is left unattended and no arrangements have been made for its care, the Gloucester Housing Authority will have the right to enter the premises and take the uncared for pet to be boarded at a local animal care facility at the total expense of the resident.

Pet bedding shall not be washed in any common laundry facilities.

Residents must take appropriate actions to protect their pets from fleas and ticks.

All dogs must wear a tag bearing the resident's name and phone number and the date of the latest rabies inoculation.

Pets cannot be kept, bred or used for any commercial purpose.

Residents owning cats shall maintain waterproof litter boxes for cat waste. Refuse from litter boxes shall not accumulate or become unsightly or unsanitary. Litter shall be disposed of in an appropriate manner.

A pet owner shall physically control or confine his/her pet during the times when Housing Authority employees, agents of the Housing Authority or other must enter the pet owner's apartment to conduct business, provide services, enforce lease terms, etc.

If a pet cause's harm to any person, the pet's owner shall be required to permanently remove the pet from the Housing Authority's property within 24 hours of written notice from the Housing Authority. The pet owner may also be subject to termination of his/her dwelling lease.

A pet owner who violated any other conditions of this policy may be required to remove his/her pet from the development within 10 days of written notice from the Housing Authority. The pet owner may also be subject to termination of his/her dwelling lease.

The Housing Authority's grievance procedures shall be applicable to all individual grievances or disputes arising out of violations or alleged violations of this policy.

VISITING PETS

No resident may allow his or her guest to bring a pet onto GHA property. This provision does not apply to service animals that are used to assist persons with disabilities.

REMOVAL OF PETS

The Gloucester Housing Authority, or an appropriate community authority, shall require the removal of any pet from a project/building if the pet's conduct or condition is determined to be a nuisance or threat to the health or safety of other occupants of the project or of other persons in the community where the project is located.

In the event of illness or death of pet owner, or in the case of an emergency which would prevent the pet owner from properly caring for the pet, the Gloucester Housing Authority has permission to call the emergency caregiver designated by the resident or the local Pet Law Enforcement Agency to take the pet and care for it until family or friends would claim the pet and assume responsibility for it. Any expenses incurred will be the responsibility of the pet owner.

MAINTENANCE POLICY (ATTACHMENT “L”)

The Facilities Management Department of the Gloucester Housing Authority is responsible for managing the maintenance function in the most cost effective manner possible while maximizing the useful life of Authority properties and providing the best service to Authority residents. The following policy statements are designed to establish the structure of an effective and efficient maintenance system

1.0 COMPONENTS OF A MAINTENANCE SYSTEM

The Gloucester Housing Authority maintenance system shall include certain components:

- A. A system of priorities for work requests;
- B. Comprehensive working procedures;
- C. Performance goals;
- D. A work order system;
- E. A skills training program; and
- F. A long-range planning system.

By developing a maintenance system that has these components in place, the authority will have the tools it needs to control the performance of maintenance work at the Gloucester Housing Authority.

1.1 PRIORITY SYSTEM

The work priorities adopted by the Gloucester Housing Authority exemplify its philosophy of delivering maintenance services. This priority system ensures that the most important maintenance work is done at a time it can be performed most cost-effectively. Minimizing vacancy loss is part of the cost-effectiveness calculation. The maintenance priorities of the Gloucester Housing Authority are the following:

- A. Emergencies
- B. Scheduled Operations and Services
- C. Vacancy Preparation
- D. Resident On-Demand Requests

Placing planned maintenance and vacancy preparation work ahead of resident work requests does not indicate that resident requests are unimportant. It emphasizes the importance of maintaining control of the maintenance work by performing scheduled routine and preventive work first. By doing so the Authority will decrease on-demand work and maintain the property in a manner that will keep and attract good tenants.

1.2 Performance standards and goals

The Facilities Management Director uses the following standards to allow the effectiveness of maintenance systems and activities to be evaluated. The Housing Authority will take into consideration:

- A. Local housing codes;
- B. HUD Housing Quality Standards;
- C. Public Housing Assessment System (PHAS) standards;
- D. Gloucester Housing Authority Collective bargaining agreements; and
- E. Gloucester Housing Authority job descriptions.

Nothing in the documents listed above will prevent the Housing Authority from setting a standard that is higher than that contained in the documents.

These standards and goals will be used to evaluate current operations and performance and to develop strategies to improve performance and meet the standards that have been set.

1.3 Work Order System

The Gloucester Housing Authority shall have a comprehensive work order system that includes all work request information: source of work, description of work, priority, cost to complete, days to complete, and hours to perform. This information is required for the Authority to plan for the delivery of maintenance services as well as evaluate performance. To obtain the greatest effectiveness from the work order system, all work requests and activities performed by maintenance staff must be recorded on work orders.

See Attached Work Order Procedures

1.4 Long-Range Planning

The Gloucester Housing Authority plans long-range maintenance in order to ensure the most cost-effective use of Authority resources and the maximum useful life of Authority properties.

The Facilities Management Director will develop a property-specific long-range planning process that includes the following components:

- A. A property maintenance standard;
- B. An estimate of the work required to bring the property to the maintenance standard;
- C. An estimate of the work required to keep the property at the maintenance standard including routine and preventive maintenance workloads, vacant unit turn-around, inspection requirements and resident on-demand work;
- D. A cost estimate to provide the specified capital improvements; and

With this work plan the Authority is able to anticipate its staff, equipment and materials needs. It is also possible to determine need for contracting particular services.

2.0 MAINTAINING THE PROPERTY

All maintenance work performed at Housing Authority properties can be categorized by the source of the work. Each piece of work originates from a particular source -- an emergency, the routine maintenance schedule, the preventive maintenance schedule, a unit inspection, a unit turnover, or a resident request.

2.1 Responding to Emergencies

Emergencies are the highest priority source of work. The Gloucester Housing Authority will consider a work item to be an emergency if the following occur:

- A. The situation constitutes a serious threat to the life, safety or health of residents or staff; or
- B. The situation will cause serious damage to the property structure or systems if not repaired within twenty-four (24) hours.

If a staff member is unsure whether or not a situation is an emergency, he or she will consult with his or her supervisor. If a supervisor is not available, the employee will use his or her best judgment to make the decision.

For emergencies that occur after regular working hours, the Gloucester Housing Authority shall have a twenty-four (24) emergency response system in place. This response system includes the designation of a maintenance employee and a back up employee in charge for each day as well as a list of qualified pre-approved contractors, open purchase orders for obtaining required supplies or equipment, and access to Authority materials and supplies. The designated employee shall

prepare a work order and report on any emergency within twenty-four hours after abatement of the emergency.

2.2 Prepare Vacant Units for Re-occupancy

It is the policy of the Gloucester Housing Authority to reoccupy vacant units as soon as possible. This policy allows the Authority to maximize the income produced by its properties and operate attractive and safe properties.

The Facilities Management Director is responsible for developing and implementing a system that ensures an average turn-around time of seven (7) calendar days. In order to do so, he or she must have a system that can perform the following tasks:

- A. Forecast unit preparation needs based on prior years' experience;
- B. Estimate both the number of units to be prepared and the number of hours it will take to prepare them; and
- C. Control work assignments to ensure prompt completion.

The maintenance procedure for reoccupying vacant units relies on the prompt notification by management of the vacancy, fast and accurate inspection of the unit, ready availability of workers and materials, and good communication with those responsible for leasing the unit. A weekly meeting on Wednesday at 8:30 a.m. facilitates this communication.

The Facilities Management Director has the ability to create special teams for vacancy turnaround or to hire contractors when that is required to maintain Authority goals.

2.3 Preventive Maintenance Program

Preventive maintenance is part of the planned or scheduled maintenance program of the Gloucester Housing Authority. The purpose of the scheduled maintenance program is to allow the Authority to anticipate maintenance requirements and make sure the Authority can address them in the most cost-effective manner. The preventive maintenance program focuses on the major systems that keep the properties operating. These systems include heating, electrical, life safety and plumbing.

A. General Operating Systems

The heart of any preventive maintenance program is a schedule that calls for the regular servicing of all systems. The development of this schedule begins with the identification of each system or item that must be checked and serviced, the date it must be serviced, and the individual responsible for the work. The servicing intervals and tasks for each system must be

included in the schedule. The completion of all required tasks is considered a high priority for the Gloucester Housing Authority.

The systems covered by the preventive maintenance program include but are not limited to:

1. Catch basins
2. Compactors
3. Condensate pumps
4. Electric transformer and emergency generators
5. Elevator equipment
6. Emergency lighting
7. Exhaust fans
8. Exterior lights
9. Fire extinguishers and other life safety systems
10. Heating plants
11. Mechanical equipment and vehicles
12. Sanitary drains

A specific program will be developed for each system. This program shall include a list of the scheduled service maintenance for each system and the frequency and interval at which that service must be performed. The equipment and materials required to perform the service will be listed as well so that they will be on hand when needed. An assessment of the skills or licensing needed to perform the tasks will also be made to determine if an outside contractor must be used to perform the work. The preventive maintenance schedule must be updated each time a system is added, updated, or replaced.

B. Roof Repairs/ Replacement

Maintenance of roofs requires regular inspections by knowledgeable personnel to ensure that there is no unauthorized access to roof surfaces and that there is good drainage, clear gutters and prompt discovery of any deficiencies.

The Facilities Management Director is responsible for the development of a roof maintenance plan that includes these features:

1. The type, area, and age of roof
2. Warranties and/or guarantees in effect
3. Company that installed the roof
4. Expected useful life of roof
5. History of maintenance and repair
6. Inspection schedule

The authority maintenance staff will usually undertake only minor roof repairs. Therefore there should be a list of approved roofing contractors to take on more serious problems for roofs no longer under warranty.

C. Vehicle/Equipment Maintenance

The Gloucester Housing Authority protects the investment it has made in vehicles and other motorized equipment through a comprehensive maintenance program. The vehicles and equipment covered include:

1. Cars, trucks and vans
2. Tractors
3. Snow blowers
4. Weed cutters
5. Lawn Mowers

The Facilities Management Director carries out this plan for routine service as well as servicing for seasonal use.

The Facilities Management Director maintains a system to ensure that any employee that operates a vehicle or piece of motorized equipment has the required license or certification.

D. Lead-Based Paint

The Gloucester Housing Authority is committed to controlling lead-based paint hazards in all its dwellings, especially family dwellings constructed before 1978. If any hazards are discovered, the Authority will develop a plan to abate the hazard. The Facilities Management Director shall have

the authority and responsibility to direct all activities associated with lead hazard control. The control plan will include such activities as:

3. Detecting the possible presence of lead paint;
4. Protection of residents and workers from lead-based paint hazards;
5. Surface protection of non-painted surfaces;
6. Equipment use and care;
7. Paint quality; and
8. Method of application.

Other responsibilities include directing training sessions, issuing special work orders, informing residents, responding to cases of children with elevated blood lead levels, correcting lead-based paint hazards on an emergency repair basis, and any other efforts that may be appropriate.

E. Life Safety Systems

The Gloucester Housing Authority maintains its life safety systems to ensure that they will be fully functional in the case of an emergency. The Facilities Management Director is responsible for the development and implementation of a schedule that includes the inspection, servicing and testing of this equipment. The equipment to be included in the plan includes the following:

9. Fire extinguishers
10. Emergency lighting
11. Smoke detectors

The plan includes the required testing and servicing as required by manufacturer's recommendations.

2.4 Inspection Program

The Gloucester Housing Authority's goals of efficiency and cost-effectiveness are achieved through a carefully designed and rigorously implemented inspection program. This program calls for the inspection of all areas of the Authority's facilities -- the dwelling units, the grounds and building exteriors, and major service systems.

A. Dwelling Unit Inspections

The unit inspection system of the Gloucester Housing Authority has two primary goals:

12. To assure that all dwelling units comply with standards set by HUD and local codes; and
13. To assure that the staff of the Gloucester Housing Authority knows at all times the condition of each unit for which it is responsible.

The achievement of these goals may require more than the annual HUD required inspection. The Facilities Management Director and Assistant Executive Director are responsible for developing a unit inspection program that schedules inspections at the frequency required.

For all non-emergency inspections, the Resident shall be given at least two (2) days written notice of the inspection.

Any work items noted at the time of the inspection will be documented on the Gloucester Housing Authority inspection form. All work items shall be converted to a work order after completion of the inspection. The maintenance staff shall endeavor to complete all inspection-generated work items within 30 days of the inspection.

All maintenance staff is responsible for monitoring the condition of dwelling units. Whenever a maintenance staff member enters a dwelling unit for any purpose, such as completing a resident request for service or accompanying a contractor, he or she shall record on an inspection form any required work he or she sees while in the apartment. These work items shall also be converted to a service request.

B. Building and Grounds Inspections

Regular inspections of the property grounds and building exteriors are required to maintain the curb appeal of the property. This curb appeal is required to maintain the attractiveness of the property for both current and prospective residents. The inspection procedure will specify the desired condition of the areas to be inspected. This defined condition will include any HUD or locally required standards. The existence of these standards shall not prevent the Housing Authority from setting a higher standard that will make the property more competitive in the local market.

Building and grounds inspections covers these areas:

14. Hallways
15. Stairwells
16. Community room and other common space such as kitchens or public restrooms

4. Common entries
5. Basements
6. Grounds
7. Porches or patios
8. Parking lots
17. Sidewalks and fences
18. Lawns, shrubs and trees
19. Trash compactors or collection areas
20. Building foundations

An inspection form will be developed for common areas and building exteriors and grounds. The staff member responsible for the inspection shall note all deficiencies on the form and ensure that these deficiencies are recorded on work order after the inspection. The Gloucester Housing Authority will complete all inspection-generated work items within thirty (30) days of the inspection.

Nothing in this policy shall prevent any Gloucester Housing Authority staff member from reporting any needed work that they see in the regular course of their daily activities. Such work items shall be reported to the site manager of the appropriate property.

C. Systems Inspections

The regular inspection of all major systems is fundamental to a sound maintenance program. The major systems inspection program overlaps with the preventive maintenance program in some areas. To the extent that inspections, in addition to those required for scheduled service intervals, are needed, they will be a part of the inspection schedule. Any work items identified during an inspection shall be converted to a work order and completed within thirty (30) days.

2.5 Scheduled Routine Maintenance

The Gloucester Housing Authority includes in this work category all tasks that can be anticipated and put on a regular timetable for completion. Most of these routine tasks are those that contribute to the curb appeal and marketability of the property.

A. Pest Control/Extermination

The Gloucester Housing Authority will make all efforts to provide a healthy and pest-free environment for its residents. The Authority will

determine which, if any, pests infest its properties and will then provide the best possible treatment for the eradication of those pests.

The Facilities Management Director will determine the most cost-effective way of delivering the treatments -- whether by contractor or licensed Authority personnel.

The extermination plan will begin with an analysis of the current condition at each property. The Facilities Management Director shall make sure that an adequate schedule for treatment is developed to address any existing infestation. Special attention shall be paid to cockroaches. The schedule will include frequency and locations of treatment. Different schedules may be required for each property.

Resident cooperation with the extermination plan is essential. All apartments in a building must be treated for the plan to be effective. Residents will be given information about the extermination program at the time of move-in. All residents will be informed at least one week and again twenty-four hours before treatment. The notification will be in writing and will include instructions that describe how to prepare the unit for treatment. If necessary, the instructions shall be bi-lingual to properly notify the resident population.

B. Landscaping and Grounds

The Gloucester Housing Authority will prepare a routine maintenance schedule for the maintenance of the landscaping and grounds of its properties that will ensure their continuing attractiveness and marketability.

Routine ground maintenance includes numerous activities:

21. Litter control
22. Lawn care
23. Maintenance of driveways, sidewalks and parking lots
24. Care of flower and shrubbery beds and trees
25. Maintenance of playgrounds, benches and fences
26. Snow removal (when required by climate)

C. Building Exteriors and Interior Common Areas

The appearance of the outside of Authority buildings as well as their interior common areas is important to their marketability. Therefore, the Gloucester Housing Authority has established a routine maintenance

schedule to ensure that they are always maintained in good condition. The components to be maintained include:

27. Lobbies
28. Hallways and stairwells
29. Elevators
30. Public restrooms
31. Lighting fixtures
32. Common rooms and community spaces
33. Exterior porches and railings
34. Building walls
35. Windows

2.6 Resident On-Demand Service

This category of work refers to all resident generated work requests that fall into no other category. These are non-emergency calls made by residents seeking maintenance service. These requests for service cannot be planned in advance or responded to before the resident calls.

It is the policy of the Gloucester Housing Authority to complete these work requests within seven (7) days. However, unless the request is an emergency or entails work that compromises the habitability of the unit, these requests will not be given a priority above scheduled routine and preventive maintenance. By following this procedure, the Gloucester Housing Authority believes it can achieve both good resident service and a maintenance system that completes the most important work first and in the most cost-effective manner.

3.0 CONTRACTING FOR SERVICES

The Gloucester Housing Authority will contract for maintenance services when it is in the best interests of the Authority to do so. When the employees of the Authority have the time and skills to perform the work at hand, they will be the first choice to perform a given task. When the employees of the Authority have the skills to do the work required, but there is more work than there is time available to complete it, the Housing Authority will determine whether it is more cost effective to use a contractor to complete the work. If the Authority staff does not have the skills to complete the work, a contractor will be chosen. In the last instance, the Authority will

decide whether it will be cost effective to train a staff member to complete the work.

Once the decision has been made to hire a contractor, the process set out in the Gloucester Housing Authority Procurement Policy will be used. These procedures vary depending on the expected dollar amount of the contract. The Facilities Management Director will work with the Procurement Department to facilitate the contract award. The Director will be responsible for the contribution of the Maintenance Department to this process. The most important aspect of the bid documents will be the specifications or statement of work. The clearer the specifications the easier it will be for the Authority to get the work product it requires.

COMMENTS OF THE PHA PLAN RESIDENT ADVISORY BOARD
(Attachment "R")

The Meeting of the PHA Plan Resident Advisory Board will be held on Wednesday, March 10, 2004 at 6:00 p.m. at the Willowood Community Building, Willowood Road, Gloucester MA.

In attendance were GHA Assistant Executive Director, David Houlden, Advisory Board members Wayne Anderton, Angela Dion and Kristen McCarthy. Helene Nicholson was unable to attend the meeting.

Mr. Houlden outlined the contents of the GHA's proposed 2004 PHA Plan. Members supported the goals outlined in the plan particularly the Capital Fund Statement which will improve the quality of life for those residents who live at the GHA's 25-7, Taylor Street Development.

There was a great deal of discussion concerning obstacles for Section 8 participants in finding landlords who will accept Housing Choice Vouchers. The difficulty of find units without lead-based paint hazards was also discussed.

Although an initial recommendation was made to include language in the Executive Summary about the GHA's plans to do landlord seminars in the coming year, after further review it was agreed that the GHA had identified that goal elsewhere in the plan.

On a motion made by Wayne Anderton, seconded by Kristen McCarthy, it was unanimously voted to support the GHA's 2004 PHA Plan as submitted.

There being no further matters to come before the board, the meeting was adjourned at 7:09 p.m.
